The Learning Home is an English Language Development Centre that provides short English vocabulary courses across a range of subjects, including mathematics, science, computing, environmental studies, and design and technology from 6- to 14-year-olds. All courses are delivered using a communicative approach, enabling pupils to develop language skills through active participation. This approach allows learners to experience English in context while simultaneously strengthening their academic understanding of each subject area.

Our Service

The centre aims to provide a service for expatriate families in Vietnam seeking an English-language-driven educational route for their children, while broadening their understanding of the world. The Learning Home recognises that each family has its own unique circumstances; therefore, we offer three tuition fee options to provide flexibility for a range of needs.

Option 1: Course by Course

Enrol in individual courses to support your child's learning alongside their home studies. Each course runs for 8 weeks, and enrolment requires a full 8-week fee commitment. Enrolment may be accepted after the course has begun, subject to availability; however, the full 8-week fee remains applicable regardless of the number of lessons remaining.

To maintain consistency and minimise disruption, enrolment closes after Week 2 of each course. At the end of each 8-week cycle, a new unit begins, and enrolment reopens for the next course.

Option 2: Pay Monthly (4-week block minimum)

16,200,000 VND per 4-week block, with no deposit required. This option is suitable for families who will be in the area for a limited number of months. It provides children with an enriched educational experience during their time away from their regular routine.

Option 3: Whole Year Commitment - Discounted rate: 13,500,000 VND per 4-week block

A deposit of 13,500,000 VND is required upon enrolment, followed by payments of 13,500,000 VND at the start of each block. This deposit acts as an advance payment and will be applied to Block 10.

The deposit is required to access the discounted rate, representing a 16.67% reduction compared to the standard block fee. It also guarantees your child's place in each subsequent block. All blocks must be paid in full for the deposit to be applied to Block 10.

The Full Year Commitment offer expires on 17 December 2026. Enrolments after this date will be charged at the standard rate of 16,200,000 VND per block.

Extended Learning Sessions

For the convenience of families, The Learning Home offers complimentary Extended Learning Sessions for pupils enrolled under the Full Block or Full Year payment options (Options 2 and 3). These sessions are designed to support a smooth transition between classes, removing the need for mid-day collection. They also provide pupils with additional opportunities to learn in a relaxed and supportive environment, with a continued focus on vocabulary development, collaboration, and confident communication.

Extended Learning Sessions form a valuable extension of each pupil's weekly programme, helping them remain settled, engaged, and connected throughout their time at The Learning Home.

Individual or Limited-Day Government Closures

The Learning Home cannot reimburse fees for any school/ centre closures sanctioned by the Government.

If enough warning allows for planning and preparation, TLH will prepare and deliver lessons online, so pupils still receive a full day of learning.

If there has been little warning and TLH has been unable to provide work to be completed at home or online, unfortunately TLH will not be able to reimburse the day's fee. However, if there is an opportunity within the calendar for the day to be given back, for example by sacrificing a teacher training day, then this will take priority as a goodwill gesture only.

Longer-Period Government Closures (e.g. epidemic, pandemic)

If there are long periods of government closures for any reason, The Learning Home will adapt to an online curriculum and fees will become **9,000,000 per child**, for pupils enrolled in all our options, and there will not be any sibling discount.
